Project 1

The media queries in google mail client do not change the width to 100% in three column table layouts.

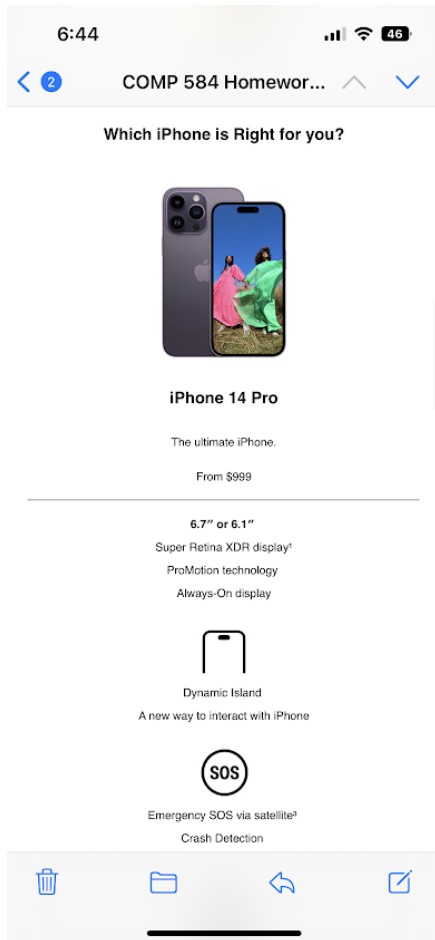

Radio buttons do not work and show styling/content in google mail client. The animations do not work on the radio buttons for gmail as well.
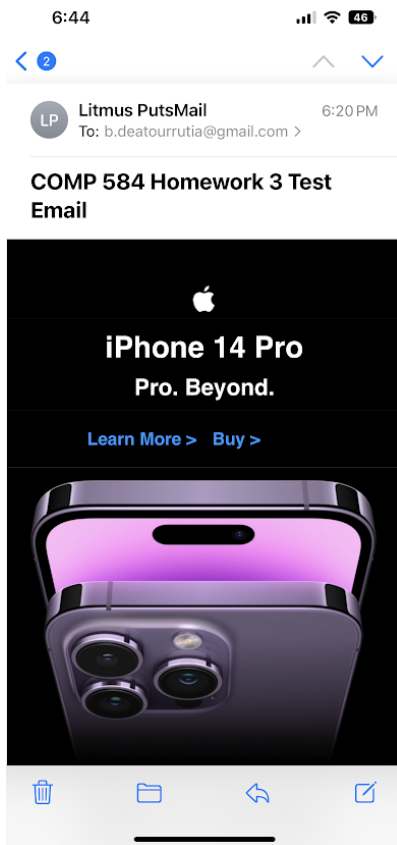

Spacing does not match in google mail client compared to html live view.

In apple mail, radio buttons have styling and animations.

Which iPhone is Right for you?

iPhone 14 Pro

The ultimate iPhone.

From $999

6.7" or 6.1"
